**Secretary's Office, 89 Third Avenue, New York.**

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 Reward**

Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

# GLOUCESTER STREET DIRECTORY

GIVING the location of Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Prospect Street No. 87 is located, you look at Prospect Street, and find that Elm Street runs from 81, and Chestnut Street from 93, showing that 87 would come on the right, between Elm and Chestnut Streets

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist

## POINTS OF INTEREST

---

**FIVE AND TEN POUND ISLANDS**, in Gloucester Harbor, so named from the fact that five and ten pounds respectively were paid for them. On the latter are the buildings of the United States Fish Commission and lighthouse

**RAFE'S CHASM**, Magnolia, is a fissure into the solid rocks, some sixty feet deep and twelve wide at the mouth, gradually growing narrower as it runs inland

**DOG TOWN COMMONS**. May be visited by way of Washington street and Gee avenue. This section of Cape Ann is a field of study for all who delight in the investigation of tradition. It contains remnants of many cellars of both houses and farm buildings, also of walls which in years long past are supposed to have divided the lands of the residents one from the other. The streets and foot paths are grass grown and leave but faint proof of their past

**GOVERNOR'S HILL**, to the left of Washington street, by way of Commonwealth avenue, from which a fine view of the city and harbor may be obtained

**WILLOUGHBY PARK**, in West Gloucester, containing many miles of hills and dales, reached by way of Essex avenue and Atlantic street

**COFFIN'S BEACH**, near Willoughby Park, now called Wingersheek Beach, but more familiarly known as Coffin's. Extensive sand dunes may be seen on the way

**PAVILION BEACH**, just off Western avenue, near Main st.

**MOUNT ANNE PARK**, formerly Thompson's Mountain, given to the city by Minot Brothers of Boston, in West Gloucester. This is the highest elevation on Cape Ann, being 255 feet above the sea level, commanding a fine view of Massachusetts Bay, the White Mountains and Bunker Hill Monument on a clear day

**ANNISQUAM WILLOWS**, planted about 45 years ago, and forming an arch over Washington street just before entering Annisquam

**CAPE POND**, a large body of fresh water from which many tons of ice are cut, and which also furnishes the town of Rockport with its water

**NILES' POND**, Eastern Point, a State pond at East Gloucester, contains many pickerel and other fresh water fish

**THATCHER'S TWIN LIGHTS**, on Thatcher's Island, the outpost of Cape Ann. They may be visited by hoisting a signal which will be found on shore at the island's nearest point to the mainland

EASTERN POINT LIGHT. May be reached by the government road. Niles' Beach and Pond are on the road

GRANITE QUARRIES, at Pigeon Cove, may be seen on the drive around the Cape. The quarry of the Rockport Granite Company may be seen from the Main road

ANNISQUAM LIGHT, at the extreme end of Annisquam Point. Iron light tower

OLD FORT, at Eastern Point, just off the road to Eastern Point Light, erected 1862

OLD FORT, at Stage Fort Park, erected 1812

STAGE FORT PARK, purchased by the city in 1898, on Western avenue, and commands an excellent view of the harbor and city

RAVENSWOOD PARK. Bequeathed to the city by the late Samuel E. Sawyer, to be preserved as a wild park, on Western avenue, near Fresh Water Cove

NORMAN'S WOE, made famous by the pen of Longfellow in "The Wreck of the Hesperus." May be visited on the drive to Magnolia

GOOD HARBOR BEACH, at Bass Rocks

THE OLDEST HOUSE ON CAPE ANN. Built at Goose Cove by Thomas Riggs, who was the first schoolmaster and town clerk. Take road on the left approaching the Willows

THE FREEMAN HOUSE, West Gloucester, was erected previous to 1700, and was used as a tavern for years

THE BABSON HOUSE, at Pigeon Cove, erected by three men who fled from Salem about 1698, with their mother, and hid in this house so that she should not be punished as a witch

THE ELLERY HOUSE, Riverdale, built between 1704 and 1710 by Rev. John White. This house was used for a long time as a tavern, and contains many interesting relics of "Ye olde time"

THE BABSON HOUSE, Riverdale, built about 1740 by Joseph Allen. Said to still retain the slave pens used during the slavery times

THE DENNISON HOUSE, Bay View, built about 1727

"OLD MOTHER ANN," at the extremity of Eastern Point. A perfect contour of a woman in a reclining position

DRIVES AROUND THE CAPE. A fifteen-mile drive giving a view of the ocean, the granite quarries, wooded roadways and residences. The drive may be made by Rockport first, or by way of Washington street. By way of Rockport is through Eastern avenue, past Beaver Dam to Great Hill, down the hill to Rockport, down Broadway past the old mill, a ruin of Rockport's former industry of cotton weaving; thence through Dock square, along Main street, Back Beach and granite quarries; thence through Pigeon Cove and Phillips avenue to Lanesville, through Washington street to Bay View, Annisquam and Riverdale to Gloucester proper

AROUND WEST GLOUCESTER. Through Western and Essex avenues to Concord street, where guide boards point the way to Essex, Wingaersheek Beach and Wiloughby Park. A ride of from four to eight miles of wooded country roads

TO MANCHESTER. Through Western avenue to Magnolia and Manchester. Before entering the town the grounds of the Essex County Club are to be seen. Points of interest are Singing Beach, Masconomo House, cottage of the late Joseph Procter, Yacht Club, Memorial Building and Library

AROUND THE BIG HEATER. Through Western and Essex avenues to Essex and through the woods to Manchester, thence to the city by way of Western avenue

TO EAST GLOUCESTER AND EASTERN POINT. Through Main street to Point Hill; thence through East Main street to land of Eastern Point Associates. The roadway through this property leads to Eastern Point and along the "Back Shore," giving excellent views of the ocean. On the return, drive over Mt. Pleasant avenue (from the top of which a fine view of the city proper may be obtained), to Bass Rocks, at which place the surf may be seen at its best; thence back by East Main and Main streets to the city

TO MAGNOLIA. Through Western avenue, past Stage Fort Park and Ravenswood Park, over Sawyer's Hill and the State Highway, past Fresh Water and Kettle Coves; thence along Magnolia avenue around Magnolia Point. Return by way of Hesperus avenue through the woods, side paths from which will give excellent views of the Flume, Rafe's Chasm and Norman's Woe.

TO WINGAERSHEEK BEACH. See West Gloucester drive

## FISHERY LOSSES

The loss of life and property in the Gloucester fisheries for the season just ended has been unusually light, eight vessels having been wrecked, the crews in each case being rescued, while the loss of life includes only ten men, of whom three leave families. The lost craft were as follows:

| Vessel and Owner                   | Tons | Value    | Insurance |
|------------------------------------|------|----------|-----------|
| Golden Rod, Orlando Merchant       | 132  | \$10,000 | \$9,000   |
| Julia D. Schmidt, George H. Powers | 9    | 500      | 400       |
| Lizzie W. Hunt, Thomas J. Benham   | 9    | 1,200    | 900       |
| M. H. Perkins, Pinkham & Foster    | 76   | 2,200    | 2,000     |
| Maud M. Story, Carl C. Young       | 75   | 3,500    | 3,200     |
| Norumbega, Cunningham & Thompson   | 126  | 14,000   | 7,500     |
| Puritan, Cunningham & Thompson     | 89   | 3,200    | 2,900     |
| Widgeon, James T. Murphy           | 16   | 600      | None      |
| Totals                             | 532  | \$35,200 | \$25,909  |

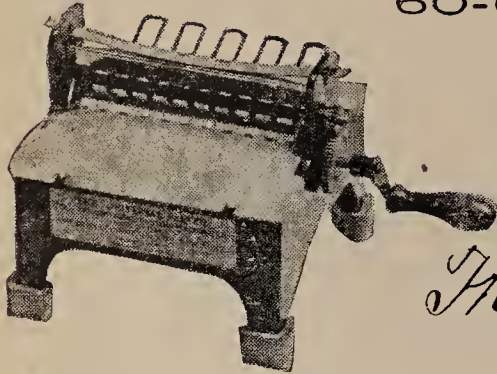

For the preceding year 21 men were lost, while the average loss for 25 years has been in the vicinity of 100. The decrease in the loss of life is attributed to larger and more seaworthy vessels, the fact that the vessels now fish farther apart than formerly, and the more general carrying of food and water by the dory fishermen on the banks.
